## UNION STOCKYARDS, INDIANAPOLIS, April 23.—The marketing of hogs continues about up to expectations for this season of the year, and current supplies appear to be about large enough to accommodate the immediate requirements of the trade. In point of quality, the hogs, of course, are not nearly up to the standard represented by the same time last year, but most of the consignments are in fair condition. The quality to-day was generally reported a trifle better than yesterday. The market opened with a very fair request from shippers, and from the start they were reasonably free buyers at fully steady to strong prices compared with yesterday's average. Packers were a little slow in getting started, but when they came into the market the additional competition caused an active trade and sales usually were rather strong, compared with yesterday's average. Most dealers quoted the market a shade higher than yesterday's close, a shade lower than yesterday morning and strong compared with yesterday's average. It was observed that the grades below top kinds developed rather the most strength. There were not many hogs in late, but enough to indicate that there was rather a strong market at the close. Late sales were not quite so heavy as the average for the day, but the market was light to best heavies sold at \$4.75 to \$5.00, and the bulk of the supply sold at \$5.05 to \$5.15, although there were several loads at the price. Quotations:

Good to choice medium to heavy.....	\$5.10 to \$5.20
Good to choice heavy.....	\$5.20 to \$5.30
Common to fair to light weights.....	\$4.75 to \$5.00
Inferior to best pigs.....	\$4.50 to \$4.75
Good and strong.....	\$4.25 to \$4.50
